

Just a quick note about Our Company...

My career dreams may have started a little earlier than most, I was only 12 years old when I envisioned starting my own awards company. Many changes have taken place since that time but my philosophy of providing our customers with a uniquely better product, delivered on time with excellent customer service is still our philosophy today. Our 8 family members and entire team of dedicated employees, are proud to provide awards to all types of groups and businesses throughout the United States as well as many foreign countries.

Being on the forefront of new industry techniques is our hallmark. As you can see on the following page we have been blessed with unsurpassed industry acknowledgment of our products. A-1 Awards, Inc., has won 14 National and International Awards for design and creativity. Many of our new process are highlighted by our contest entries. And our unique manufacturing processes are what makes us an industry leader. These processes enable us to provide a truly custom product to our clients. From custom cast bronze, to cast medallions, to delicately sandblasted crystal, to full color subligraphics. A-1 can provide it all!

But of course what matters to you most is **Your Award**. And Your Award matters most to us too - for we realize that earning your trust is our most important job. So we make our awards one at a time, personalized and delivered on time for your special presentation.

Now as the future generations of our company grow and expand to serve you - we want to say thank you. Thank you to our clients who have been with us since 1958, to those who have been added along the way, and to those of you who are just now experiencing our unique custom service. We welcome you to our growing list of satisfied clients. As our loyal customers know, you can depend on us, because our family knows just how important Your Award is -- **It's Not Just Our Job -- It's our Life!**

Sincerely,

Stephen L. Capper
President
